Free Gamers United (FGU)

I'm now founding this Clan - FGU

1. The Free Gamers United are a fair guild -> we demand fairplay and sportsmanship from our members (means no cheating, no spawn camping, no trolling, no teamkilling, etc.)
2. The FGU is a free guild, the leader is the organizer, every new player needs his ok, because he has to check, whether the player is a fair player or not.
The guild is lead like a constitutional monarchie.
3. We are democratic and make votings about new rules and important changes concerning the guild.
4. Every fair gamer is welcome, if he is active.
5. We also take beginners and bad players, if they follow the rules and try to help the guild community.
6. Everybody is allowed to organize guild meetings at a server.
7. We never bully people from outside the guild, but we don't tell them our secrets either.
8. If there are peoples from different countries, we speak english. If you are only people from the same country with the same language, you can speak your language
9. We are not racist and we never start "This country only"-servers
10. We treat every player with respect.
11. We accept peoples from outside the guild on our servers, if they follow our rules (means they dont troll/cheat/spawncamp/teamkill)
12. You are not allowed to be part of any other OGAT clan. Exceptions are our ally clans, who are listed below the memberlist and also in #welcome
- 12.5. When you read this rule, please contact your recruiter and tell him "Droggelbecher". He will know. This rule doesn't have any actual consequences on the guild.
13. You have to join the official guildmeetings or inform a leader, that you can't attend them, before they take place.
14. Have fun. Never forget, that it is all fun and games.

We do an unofficial guildmeeting each Saturday at 5pm GMT+0. It is meant to be a time when the members can meet and play together. One is not forced to visit these meetings, but I would like to see you there! =)

Every last Saturday of a month we do an official guild meeting at 5pm GMT+0. It is meant as an opportunity for the members to discuss about the last month together and to suggest possible changes or giving the mod-team feedback and critics.

If you want to join the guild, write in the new thread or contact me on Discord (Idulus#2479). I made a memberlist.

I'm pretty sick of people making stupid rules. The whole point of the Guards is to camp! So why the hell is it against the rules? Not only that, but then you say that hiding in trees and bushes is allowed. If you are hiding in trees and buses, you are camping. Once again people complain about spawn camping. Each team has an invincibility time, which makes spawn camping hurt your own team since the other team can easily kill you...

Oh yea, devs, if you are reading this, there is an odd bug with the respawn. Apparently the grenade does damage even through the respawn protection.

The FGU accept no spawn camping. You can camp, wherever you are, but not at the thieves spawn. And the invincibility time doesn't help much, cause in a light area full of guards, the thieves haven't a chance to kill all before they get vulnerable.

1. The Free Gamers United Clan is a fair clan -> no cheating, no camping, no trolling

The thieves have, what, 5 seconds of protection? That is easily enough to kill one Guard and enough to damage another without taking a single point of damage. And once one is damaged, it all comes down. So I don't see your point.
